

RoomChecker For Healthcare

Designed to improve housekeeping and infection control in Hospitals, Nursing Homes, and other Extended Care Facilities.

Use our Secure Mobile App to:

Improve Housekeeping

- Track cleaning and maintenance issues
- Assign staff
- Get notifications

Manage Infection Control

- Track URIs, UTIs, eye and skin infections
- Monitor isolation issues
- Track culture results
- Manage pressure ulcers

Features of both applications

- Pictures and QR codes
- Trend reports
- HIPAA compliant
